Although hostilities continue on a reduced scale South Shantung Province, the situation is generally somewhat better.

Nothing new on the Jehol situation. 11 Field Teams were sent out as of February 3. Teams have recently been located at Tsaochuang, northeast of Hsuchow Houma in Shansi Province, Taiyuan in Shansi Province, and Chengte in Jehol*. As a result of the standstill, the beginning of railroad repairs will be facilitated. The shortages of sleepers, rails, and rolling stock are limiting factors. Rails taken from the Kiangnan line are being used in repairs which have been started on the Hsinpu** line.

There are no reports on further Government progress in Manchurian occupation.
